

North Central Electric Cooperative Inc. has an opportunity for a *journeyman* or *advanced apprentice lineworker* at our Bottineau, ND location.

This position is responsible for performing the duties required in the construction, operation, and maintenance of structures, lines and equipment of the distribution facilities of the Cooperative in a safe, reliable manner. (Advanced apprentice lineworkers are responsible to provide efficient and diligent service while serving as a member of a crew or performing trade skills; additionally, to study, gain knowledge and skills, and complete certification to journeyman lineworker).

NCECI offers a competitive wage, benefits package, and paid time off. Questions regarding the position can be directed to Tyler Lee-Engineering and Operations Manager, t.lee@nceci.com. This position will remain open until filled; however, applicants are encouraged to submit their application and resume as soon as possible as the review process will begin right away. Applications and a full position description can be found by visiting our website at nceci.com.
