#### Information Technology (IT) Support Technician

North Central Electric Cooperative, an electric distribution cooperative headquartered in Bottineau, ND, seeks qualified candidates for the position of “Information Technology Support Technician”.

The employee will manage and maintain computer systems/networks and assist in the operation of North Central Electric’s Advanced Metering Infrastructure. The candidate is required to have a degree in either Computer Science, Computer Information Systems, Management Information Systems, or a related field of study. Relevant experience may be considered as a substitute for required education.

The Information Technology Support Technician will be responsible for the operation and maintenance of the Cooperative’s network, computer systems, and applications used throughout the organization. Job responsibilities will include but not limited to cyber security, minor hardware and software repairs, internal employee technology assistance, AMI operations, workstation installations and mobile device management.

The cooperative offers an excellent benefit package and salary will be commensurate with experience. Resumes will be accepted until the position is filled. Please send resumes and cover letter by mail to Jon Beyer, North Central Electric Cooperative Inc, 538 11<sup>th</sup> St W, Bottineau, ND 58318 or by email to [j.beyer@nceci.com](mailto:j.beyer@nceci.com). A complete job description is available upon request.
